

# 2021 UPDATES

## SALT LAKE VALLEY

The Salt Lake Valley Coalition to End Homelessness (SLVCEH) is committed to rendering homelessness brief, rare and non-recurring, in collaboration with our statewide homeless services partners within the Utah Homelessness Network. We are working tirelessly to move individuals experiencing homelessness into long-term stable housing by addressing the core needs of individuals experiencing homelessness through our eight Core Function Groups.

## HOW WE WORK

The Core Function Groups bring together all interested providers, funders, subject matter experts and community members to identify gaps in services and ensure best practices in addressing needs. The Core Function Group leads serve as the Salt Lake Valley Coalition to End Homelessness Steering Committee, ensuring collaboration across core function groups.

# 2020 ACCOMPLISHMENTS

<2%

RATE OF POSITIVE COVID-19 CASES ACROSS  
ALL 5 HOMELESS RESOURCE CENTERS

1,880

TOTAL TEMPORARY SHELTER BEDS
