

2021 PSH UPDATES SALT LAKE VALLEY

The Salt Lake Valley Coalition to End Homelessness (SLVCEH) is committed to rendering homelessness brief, rare and non-recurring, in collaboration with our statewide homeless services partners within the Utah Homelessness Network. We are working tirelessly to move individuals experiencing homelessness into long-term stable housing by addressing the core needs of individuals experiencing homelessness through our eight Core Function Groups.

THE HOUSING CORE FUNCTION GROUP

The Housing Core Function Group works to enhance community efforts to address affordable housing by representing the specific housing and housing support service needs of those experiencing homelessness.

PERMANENT SUPPORTIVE HOUSING UNITS

Permanent supportive housing is a proven solution to homelessness for the most vulnerable chronically homeless people. It pairs housing with case management and supportive services. PSH is designed to build independent living and tenancy skills and connect people with community-based health care, treatment and employment services.
