- The remainder of vaccination opportunities through Salt Lake County Health Department will be updated on this [web-page](#).
- COVID-19 testing with the Salt Lake County Health Department can be scheduled through the following [link](#).
- Here is an educational resource on COVID-19 vaccination information from the Utah Department of Health: [click here](#).
- Starting Monday June 22nd, Fourth Street Clinic moved most of its operations back indoors. Patients are now required to wear masks inside, and anyone arriving at the clinic for COVID-19 testing or potential symptoms will still be seen outside.
- The VP Shower Program has hit a record month of operations, providing 321 showers & hygiene supplies across all three participating centers! From October 2020 to May 2021, 1,896 showers and hygiene supplies were provided. We will continue to coordinate efforts with the participating centers in providing these services throughout the summer.
- As the demobilization of the VP Hotel ensues, we would like to highlight the more than 350 individuals experiencing homelessness whom have been serviced and offered a safe plan to isolate from COVID-19 throughout the pandemic! Thank you to every partner involved in the operations of the VP Hotel since the start of operations over a year ago.
