Health Center Overview

- Health centers are outpatient clinics that offer primary care, behavioral health, dental, SUD, and supportive services to patients in an integrated setting
- All health centers take Medicaid, most commercial insurance, and charge uninsured patients on a sliding-fee scale
 - Income verification varies by health center, but is not as stringent as other programs

Health Center Overview

- 14 health center organizations [across the state](#)
 - [Fourth Street Clinic](#): downtown SLC, focus on homeless health care
 - [Community Health Centers, Inc.](#): Downtown SLC, WVC, Midvale, Taylorsville
 - [Utah Partners for Health](#): Midvale, West Jordan
 - [Midtown Community Health Center](#): South Salt Lake
 - Additionally, Midtown Hope Homeless Health Center (Ogden) and [Mountainlands East Bay Health Center](#) (Provo) are homeless health centers
 - [Find a health center by zip code](#) (Utah)
 - [Find a health center](#) (national)

Health center services

- Primary, dental, and behavioral health care
- Substance abuse disorder treatment
- Pharmacy services
- Laboratory tests
- Chronic disease management
- Acute care
- Care management
- Respite care
- Transportation
- Medicaid enrollment assistance
- Medical translation services

Continuity of Care

- Because health centers provide care to all patients, regardless of their insurance status, patients do not have to worry about their care being interrupted should they lose health insurance
- Many individuals on Medicaid have gaps in coverage, which result in gaps in care
- TAM population often goes uninsured once they lose eligibility for the program
